GATHERING PRAYER

God of light and hope, as we light this memorial candle, may your light surround us. As we gather online to remember our loved ones who have died, may the love of God enfold us. We gather into this sacred time and spaces to remember our losses, to grieve, to find comfort, and to walk on the path toward healing. We pray that your presence will touch our hearts and minds, where the pain of loss has affected us deeply. Amen.
